

*We Help Veterans & Families
Find More Peace in Their Life*

QUALIFIED LISTENER

Barb Goettsch

Barb was born and raised in a rural community in northeast Missouri. She knew at an early age she has a passion for Veterans which stemmed from listening to her father's military experience in the Navy during WWII. Her father tabooed her from joining the military after high school, so she found another way to serve her country - by helping those who did serve. She surrounds herself with Veterans of all ages, as well as their family members, listens to their story, and advocates on their behalf in her position as Resource Coordinator with Qualified Listeners.

She's a Charter Member of the Carbon Valley Rotary Club, three-time president of the club, and former Assistant Governor in Rotary District 5450 of Rotary International. Rotary's Motto is "Service Above Self" which speaks to Barb's inherent drive to serve all communities of people.

She is married to Greg Goettsch, Founder and Executive Director of Qualified Listeners, and a Navy Veteran (imagine that), and enjoys listening to his military experience in Vietnam.
