

VETERAN & FAMILY INFORMATION FOR BETTER LIVING

Veteran Pride

August 2019

I am an extremely proud Veteran because I served my country. I made the decision to take an oath that allowed me to serve the greatest country ever conceived in this world. I served to protect the freedoms our forefathers fought for. These United States has lifted more people out of poverty in the world than any other country in history because of the freedom we have.

I wear a Veteran hat because I want all Veterans to know I am here for them. That I am someone who will listen to them without judgement, who will always support them. I want all Americans to know I am a Veteran and by showing it, I am sharing my pride. I'm delighted every time I see another Veteran wearing something that states they are a Veteran, too. Be proud of who you are and what you represent. By doing so you've set yourself apart from everyone else.
